

FLASH FORWARD

The Magenta Foundation is pleased to announce Year Two of its Emerging Photographers competition *Flash Forward*. This year, the event features works of art from Canada, the United Kingdom and the United States.

With over 700 submissions, the jurors (Daniel Faria, Monte Clark Gallery, Toronto; Darren Ching, *Photo District News*, New York; Simon Bainbridge, *The British Journal of Photography*, London, U.K.) spent four months carefully selecting their Top 20 candidates from each country. This exciting book and exhibition demonstrates the impressive talent and diversity of these young photographers whose futures are worth following.
